Each Office is Independently Owned and Operated.
Consistency in advertising has proven itself time and again as a primary component in a successful business plan. Businesses need to communicate with their customers (and potential customers) to remind them of their products and services, and to ask for their business.

A consistent advertising plan with The News Reporter’s various publications and website can, over time, build awareness of your business and help assure your success.

Where we shop, where we eat and have fun -- all of it makes our community home.

Here are a few reasons why:
Shopping local is the first thing we can do to support and grow our local economy.
When our dollars are kept locally, it increases the amount of taxes collected that our police, fire and public services need to perform their function. Safer communities happen when we spend locally.
Local shops sell great products at affordable prices.
Shopping locally saves you time and money. You travel less, saving on time and fuel.
Shopping local is important but shopping our Chamber members is even more so. Our Chamber members go above and beyond to ensure our community’s health and prosperity. They are committed to making Whiteville and Columbus County the best place to live, work, and play. Help them, help our community. Go to thecolumbuschamber.com for a complete listing of our members.
